

AUTODESK® ARCHITECTURE, ENGINEERING & CONSTRUCTION COLLECTION

This collection gives you the broadest portfolio of software and cloud technologies so you can deliver more scalable, sustainable and resilient civil infrastructure.

Reimagine infrastructure design

Get all the right tools

Deliver your civil infrastructure projects using the latest BIM for Infrastructure design and engineering tools that you need, when you need it - on your desktop and in the cloud.

Integrate your workflows

Put your project at the center and connect teams to intelligent 2D & 3D model information and to each other to enhance collaboration, improve design insights and project decision making.

Embrace the future of infrastructure design

Work seamlessly across horizontal and vertical elements of infrastructure projects and combine CAD, BIM and cloud computing to optimize designs and improve project delivery.

Architecture, Engineering & Construction Buildings Collection includes: **AutoCAD Civil 3D, InfraWorks 360, Revit, AutoCAD.** Go to www.autodesk.com/aeccollection to see the full list of products included in the AEC Buildings Collection'. The hero products are listed first and then all other products listed beneath them.

Executive

Driving better outcomes

Get more for your money

Take advantage of significant cost savings when purchasing multiple Autodesk software solutions as part of a collection.

Support your business today and into the future

Stay ahead of changing business needs with access to a wide selection of the most essential Autodesk software used in your industry – while enjoying a steady stream of new releases and product enhancements for improved workflows.

Manage operational costs more effectively

Reduce operational costs (IT and procurement spend) by standardizing on a collection of technology flexible enough to suit the needs of a majority of your users.

IT Manager

Smarter software management

Simplify software management

Streamline deployment and software management with a standardized collection of Autodesk products and services.

Streamline the procurement process

Eliminate additional paperwork and unnecessary procurement cycles by selecting a collection that includes all the technology your users will need – now and in the future.

Optimize IT spend

Take advantage of significant cost savings when purchasing multiple Autodesk software solutions as part of a collection – giving your users access to more technology while reducing IT costs.
